Proceeds from the Hoss Fundraising Festival will go to support youth cycling initiatives in Ontario. Last year's event raised over \$10,000 which supported a Youth Cup Race Series, and made Camp Olympia happen for 23 young cyclists from across Ontario!

#### Camp Olympia Report 2014:

The kids enjoyed a great week of camp and cycling in the Muskoka's with top-notch coaches including Andrew Randell, Catherine Harden and Brayden Kozman. They worked on group riding skills, such as pacing, riding closer, and bumping bars & tires in the grass field. They also played a number of games that help develop bike control and balance while being downright fun. They also had several sessions that were focused on developing some of the softer skills in cycling, such as a kit washing session and flat tire repair & change. During the week the athletes completed several time trials of 1km, 3km and 6km, learning about pacing and how to practice cutting the corners in a course. There were also a couple of days spent out on longer more adventurous rides that took the group into the Lake of Bays area and pushed everyone physically. #### About Kevin Watson:

Kevin, A.K.A. "Hoss", was an avid cyclist and cyclocross racer who passed away May 10, 2012 after a year-long battle with pancreatic cancer. Kevin was devoted to encouraging and enabling youth access and participation in the sport of cycling. His race team, Sound Solutions, is working to continue his efforts.

*"We all learned a lot, had a tremendous amount of fun and made a lot of new friends. Everyone involved would like to thank the Cycle Solutions crew and the Hoss Cross Festival as they contributed a great deal to help make this camp possible."*

Thanks for your support! Without you, the Hoss Fundraising Festival is not possible!
